Western Piedmont Community College is a tobacco-free campus.

3

The Emergency Services program has moved to its new location in the

**Foothills Higher Education Center
2128 South Sterling Street
Morganton, NC**

All Burke County Fire & Rescue College classes will be held at this location. Practical exercises and other demonstrations may be held on a different location and will be determined during class times.

DIRECTIONS

From Interstate 40 - Take exit 105. Turn right onto South Sterling Street. Travel through one stoplight and the Foothills Higher Education Center will be on your left.

FIRE COLLEGE INFORMATION

**COST: \$10.00 per person—Emergency Personnel
 \$65.00 per person—(1-24 hour class)
 Non-Emergency Personnel or Out-of-State Participants**

- **Substitutions will be accepted for students who are unable to attend.**
- **Late registrations will be accepted if class size permits.**

Students should indicate a 1st, 2nd, and 3rd choice of classes. Notification will be made to students not registered for their 1st choice.

Minimum Age Requirement: Participants must be a minimum of 16 years of age to enroll in the Burke County Fire and Rescue College. Participants ages 16 and 17 must have written permission from their High School principal. The written permission must be submitted with the registration form.

A dual enrollment form is included on PAGE 18.

- **Participants under 18 years of age may only enroll in classroom activities.**

Emergency Contact Information: In the event that a student needs to be reached for an emergency while attending the College, calls should be directed to **828-448-6708**.

- **For other questions contact Mike Willis at 828-448-6708.**

MOTEL ACCOMMODATIONS ***Make your reservations early!***

The fall season brings many visitors to the foothills of the Blue Ridge Mountains. Be sure to mention that you are attending the Burke County Fire and Rescue College.

EMERGENCY PERSONNEL CAN ATTEND A COMBINATION OF THESE CLASSES FOR ONE FEE. CHECK COURSE DESCRIPTIONS FOR MEETING TIMES

Fire Behavior (FF I/II)	Friday & Saturday	12 hours
Fireworks for Firefighters	Friday & Saturday	12 hours
Overhaul (FF I/II)	Sunday	7 hours
Portable Extinguishers (FF I)	Sunday	7 hours
Salvage (FF I)	Saturday	7 hours
TR Helicopter Transport	Sunday	7 hours
TR Rescue Operations	Friday, Saturday	10 hours
TR Ropes - Rescue-Ops	Saturday	7 hours
TR Ropes - Mechanical Advantage	Sunday	7 hours

COURSE LIST

BUILDING CONSTRUCTION (FF II Certification) 15 Hours

This course will describe the basic structural characteristics of the different types of building construction. The firefighter will be able to identify the general fire behavior expected with each type of building construction, including the spread of fire and the safety of the building, occupants, and firefighters. Indicators of building collapses will also be covered.

Class Schedule: Saturday 8 am—5 pm Instructor: Clay Greene
 Sunday 8 am—4 pm Lake James Fire Department
 Certified Instructor

BASIC FIREFIGHTING FUNDAMENTALS* ***Full PPE including SCBA** **18 Hours**

This course is designed to allow both entry level as well as experienced firefighters to learn or enhance their interior firefighting skills. Using lecture and Live Fire scenarios, students will review fire behavior, building construction, forcible entry, ventilation, hose and nozzle manipulation to control and extinguish residential fires while insuring personal safety. **Students must be 18 or older to participate.**

Chief's approval form 1403 required.

Schedule: Friday 6 pm - 10 pm Instructor: Ryan Heavner
 Saturday 9 am - 5 pm Captain, Lincolnton Fire Department
 Sunday 8 am - 4 pm Certified Instructor

**EMERGENCY MEDICAL DISPATCHER
(Preparations for OEMS Certification)
24 Hours**

Class Begins at 1:00 pm on Friday

This course will follow the national standard curriculum of the US Department of Transportation and will consist of 24 hours of classroom instruction to include the Technical Scope of Practice required for state examination. Completion of course content will prepare students to take the EMD exam administered by the NC Office of Emergency Medical Services.

Class Schedule: Friday 1 pm -10 pm Instructor: Stephanie Wiseman, EMD
Saturday 8 am - 5 pm Director, Mitchell County
Sunday 8 am - 5 pm 911 Communications, Certified Instructor

**EMERGENCY VEHICLE DRIVER
(D/O Certification)
20 Hours**

This course deals with the safe operation of emergency vehicles, driving skills and legal implications of emergency driving and departmental standard operating guidelines. Students must pass the practical and written exam with a score of 70% or above in order to receive certification.

Class Schedule: Friday 6 pm—10 pm Instructor: Claude Huffman
Saturday 8 am—5 pm Retired Captain
Sunday 8 am—5 pm Morganton Department of Public Safety, Certified Instructor

Students are encouraged to bring apparatus they will be driving if available.

**EXPLOSIVES, BOMBS AND BOOBY TRAPS
14 HOURS**

Emergency First Responders receive training in types of exploding devices, IED's (improvised exploding devices) and the environments they might find themselves dealing with on scene as they respond to bomb threats, booby traps and searches for explosive devices. Presented with classroom instruction, field training including bomb search, booby trap trail and other demonstrations.

Schedule: Saturday 9 am - 5 pm Sunday 8 am - 4 pm

Instructors:

Ken "Scrap" Walters
Wilkes County Sheriff's Department
Hazardous Devices Team, Former
Wilkes County Fire Marshal

Captain Doug Cotton, Wilkes Sheriff's
Department, Hazardous Devises Team
Graduate, FBI Academy, Graduate
Redstone Arsenal EOD School

FIRE HOSE STREAMS AND APPLIANCES*

8

(FF I & II Certification)

***Full PPE is required**

21 Hours

This course will cover the use, care and maintenance of various types and styles of fire service hose, appliances and nozzles as outlined in NFPA 1962. Students will demonstrate proper hose lays for supply and attack operations and participate in proper nozzle selection based on different fire scenarios. Proper fire stream production will also be demonstrated as well as various types of hose loads and finishes. Practical exercises on Sunday will be held off campus.

No one under 18 is permitted to participate in this class.

Class Schedule: Friday 6 pm -10 pm Instructor: Shane Bowman, Engineer
Saturday 8 am - 5:30 pm Lincolnton Fire Department
Sunday 8 am - 5:30 pm Certified Instructor

FIREWORKS FOR FIREFIGHTERS

12 Hours

This course will cover NFPA 1123, State Fire Codes, NC General Statutes and Industry Standards concerning Fireworks in North Carolina. Students will learn the real potential of fireworks as well as what to do in preparation for fireworks shows in your jurisdictions and how to respond should an incident occur. The course will feature Live Fire Demonstrations and engineered mishaps courtesy of Zambelli Fireworks Internationale. ***This course does not count towards any initial or recurring education to become or maintain any license pertaining to the NCDOT-OSFM Pyrotechnics Credentialing System at any level.***

Class Schedule: Friday 6 pm -10 pm Instructors: Mark Pitts, Burke County Fire
Saturday 8 am - 5 pm Marshal, NC Fireworks Certified Operator
David Thompson, Table Rock Pyrotechnics
NC Fireworks Certified Operator

FIRE BEHAVIOR

(FF I/II Certification)

12 Hours

Fire behavior forms the basis of many operations on the fire scene. A basic understanding of the chemical and physical nature of fire is required for safe and effective fire control. Participants will become familiar with terminology; the fire triangle and tetrahedron; the stages of fire and its conditions, signs, and indicators; and the transfer of heat.

Class Schedule: Friday 6 pm—10 pm Instructor: G. Winfield Abee
Saturday 8 am—5 pm Western Region Fire/Rescue
Coordinator Certified Instructor

8

FIRE DEPARTMENT ORIENTATION & SAFETY*
(FF I/II Certification)
***Full PPE required**
21 Hours

Students will be exposed to the organizational structure and position roles of the fire and rescue service. Services provided and laws and regulations governing department functions will be covered. Various benefits and guidelines pertaining to departments and its members will be discussed. Students will become aware of the alarming rate at which fire and rescue personnel are injured or killed while performing duties. Case studies documenting incidents will be utilized to emphasize that safety is a number one priority in emergency services.

Class Schedule: Friday	6 pm—10 pm	Instructor: T. J. Patton
	Saturday 8 am—5:30 pm	Longview Fire Department
	Sunday 8 am—5:30 pm	Certified Instructor

FLAMMABLE LIQUID FIRES/FOAM FIRE STREAMS*
***Full PPE including SBCA Required**
17 Hours

It is important for firefighters to understand the different types of foam on the market today. Firefighters must be able to assemble and correctly apply foam and, equally important, know when foam is the appropriate method of extinguishment. This course will take you beyond the traditional Foam Fire Streams Certification by allowing students to participate in a Live Fire environment to better understand techniques and principles associated with flammable liquid fires.

No one under 18 is permitted to participate in this class.
Class requires Chief's approval, FORM NFPA 1403

Class Schedule: Friday	7pm - 10pm	Instructor: Phil Batts
	Saturday 9am - 5pm	Regional Fire/Rescue Coordinator,
	Sunday 8am - 4pm	Eastern Region, Certified Instructor

FORCIBLE ENTRY*
(FF I Certification)
***Full PPE Required**
14 Hours

Students participating in this course will be able to identify the different construction types of doors and windows as well as various locks and lock assemblies. Students will learn the proper techniques to force entry through these doors, windows, and locks using various tools carried on typical fire apparatus. Care and maintenance of forcible entry tools will also be covered. Practical exercise on Sunday will be held off campus.

Class Schedule: Saturday	9 am—5 pm	Instructor: Jon Lowdermilk, Captain
	Sunday 8 am—4 pm	West End Fire Department Certified Instructor

HAZ MAT LEVEL I RESPONDER
(New Standard AWARENESS and OPERATIONS)
38 HOURS

***Course begins at 8 am on Thursday, October 14 ***

This course meets requirements for OSHA 1910.120 and **NFPA 472 2008** edition. It is designed to develop, through awareness level, competence for those who will respond to a hazardous material incident. It will also help to develop competencies to respond in a safe manner, help reduce the number of accidents and injuries, and help prevent exposure to hazardous material incidents. Students will use the DOT guidebook in a practical exercise. Prior successful completion of a Hazardous Materials Awareness class is required. This will be a fast-paced course and will require outside reading. The course will identify basic options, requirements, and limitations of the methods used to control, contain or confine a hazardous material incident. Practical exercise will be included.

Class Schedule:	Thursday	8 am—8 pm	Instructor:	Mitch Callaway
	Friday	8 am—8 pm		Callaway Safety Consultants
	Saturday	8 am—5 pm		Certified Instructor
	Sunday	8 am—5 pm		

INTRODUCTION TO PUMPS
(D/O Certification)
17 Hours

This class will introduce the student to the job or individual requirements for pump operators and will detail the safe operation of the vehicle. Subjects will include: pump anatomy, pump panel and engine gauges, relief valves, and basic pump set-up. Must be 18 or older to participate.

Class Schedule:	Friday	7 pm - 10 pm	Instructor:	John Stroup, Chief
	Saturday	9 am- 5 pm		Salem Fire Department
	Sunday	8 am - 4 pm		Certified Instructor

INCIDENT COMMAND SYSTEM 100 - 200*
(NIMS Certification)*Note: Prior completion of IS-700 is required.
17 Hours

100: This course is an introduction to the Incident Command System (ICS). It will also provide the foundation for higher level ICS training. This course describes the history, features and principles, and organizational structure of the Incident Command System. It also explains the relationship between ICS and the National Incident Management System (NIMS). The audience for this course includes any persons involved with emergency planning, response or recovery efforts.

200: This course is designed to enable personnel to operate efficiently during an incident or event within the Incident Command System (ICS). It provides training and resources for personnel who are likely to assume a supervisory position within the ICS.

Class Schedule:	Friday	6pm - 10 pm	Instructor:	A. Michael Powell, Retired Captain
	Saturday	9 am - 5 pm		Caldwell County Sheriff's Office
	Sunday	9am - 4 pm		NIMS Instructor

INCIDENT COMMAND SYSTEM 300*

**(NIMS Certification) *Prior completion of IS-700, IS-800, IS 100, & IS-200 required.
18 Hours**

This course provides training and resources for personnel requiring advanced application of the Incident Command System (ICS). Published standards and incidents as well as Federal mandates have pushed Incident Management to the forefront. This course is designed to meet the criteria of NIMS compliance which will address front line supervisors, crew leaders, fire officers and managers to implement and function under an effective Incident Command System. Students will understand the need for an incident management system and participate in scenarios that will develop the skills needed to efficiently operate under structured command.

Class Schedule: Friday 6 pm - 10 pm Instructor: Randy McKinney, Retired Director
Saturday 9 am - 5 pm Burke County Emergency Services
Sunday 8 am - 4 pm NIMS Instructor

LADDERS*

(FF I Certification)

Full PPE Required*

14 Hours

Ground ladders are an essential part of fire ground operations. This course will provide students with correct ladder identification, terminology, applications, carries, raises, care and maintenance. Working individually and as a group, students will perform various carries, raises and lowers. Students will also perform various hose applications and victim/firefighter rescue techniques utilizing ground ladders.

Class Schedule: Saturday 9 am - 5 pm Instructor: Robin Triplett, Sergeant
Sunday 8 am - 4 pm Morganton Department of
Public Safety
Certified Instructor

OVERHAUL*

(FF I & II Certification)

Full PPE Required*

7 Hours

Students will become familiar with ways of establishing safe conditions for overhaul practices, identifying the indicators of hidden fires, exposing hidden fires, and identifying the procedures for extinguishing small burning objects and large furnishings. Securing a fire scene and collecting and preserving evidence will be included. Practical exercises will be held off campus.

Class Schedule: Sunday 8 am - 4 pm Instructor: Ronnie Rector, Major, Morganton
Department of Public Safety
Certified Instructor

PUBLIC INFORMATION OFFICER-PIO (G290)

21 Hours

During an incident, no matter how small, there is a good chance that media will either be there or call for a report. Do you know how to address media questions? The media can be your best ally. The instructor will walk and talk you through the steps of dealing with media affairs. This class will cover the Who, What, How, and just as important, Why role for the Public Information Officer for today's fire and emergency services agencies. This course is a must for all agencies.

Class Schedule: Friday 6 pm—10 pm Instructor: Rob Brisley, Captain
 Saturday 8 am—5:30 pm PIO, Charlotte Fire Department
 Sunday 8 am—5:30 pm Certified Instructor

RESCUE * **(FF I/II Certification)** **Full PPE Required*** **24 Hours**

Course begins at 1 pm on Friday, October 15.

Because of the dynamics of today's fire service, firefighters respond to all types of emergencies. A firefighter's first priority is life safety. This course is designed to teach firefighters methods of victim removal under various emergency conditions. Students will utilize various tools and equipment for gaining access to victims, and perform proper carries and drags for different injuries and situations. Students will also learn to assist with special rescues such as MVA's, trench, elevator, and collapse rescue.

Class Schedule: Friday 1 pm—10 pm Instructor: Kevin Woody, Engineer
 Saturday 8 am—5 pm Morganton Department of
 Sunday 8 am—5 pm Public Safety, Certified Instructor

SALVAGE **(FF I Certification)** **7 Hours**

Firefighters will learn to minimize losses during and after fires by reducing fire, water, and smoke damage through the use of good salvage procedures. Course content will include various folds, rolls, deployment of salvage covers, and the construction and use of water chutes and catchalls. Practical exercises will be held on campus.

Class Schedule: Saturday 9 am—5 pm Instructor: Ronnie Rector, Captain
 Morganton Department of Public Safety
 Certified Instructor

SPRINKLERS*
(FF I/II Certification)
***Full PPE Required**
17 Hours

Participants will learn the value of automatic sprinklers in providing safety to the occupants of a structure. Identification and proper use of system components that provide fire department support to a sprinkler system will be covered. A simulator will be available for demonstration and hands-on application. Practical exercises will be held on campus.

Class Schedule: Friday 7 pm—10 pm Instructor: Mike Teague, Lt.-Operations
 Saturday 9 am—5 pm Boone Fire Department, Certified Instructor
 Sunday 8 am—4 pm

TR HELICOPTER TRANSPORT
(TR Certification)
7 Hours

Helicopter evacuation requires a coordinated effort between ground and flight crews to ensure the safety of everyone involved. Safety is the overall goal of any aero-medical transport or rescue operation and can be achieved through teamwork and good communication. Methods for establishing landing zones, types of patients that may need an air medical ambulance, and safe practices around both air medical helicopters and the Blackhawk helicopters used by the NC National Guard will be covered. An area medical helicopter is scheduled to appear, weather and call volume permitting.

Class Schedule: Sunday 8 am—4 pm Instructor: Gary Ramsey, Certified Instructor

TR RESCUE OPERATIONS
(TR Certification)
10 Hours

This course will identify the needed support resources, given a specific type of rescue incident so that a resource cache is managed, scene lighting is provided for the tasks to be undertaken, environmental concerns are managed, personnel rehabilitation is facilitated and the support operation facilitates rescue operational objectives.

Class Schedule: Friday 7 pm—10 pm Instructor: Gary Ramsey, Certified Instructor
 Saturday 9 am—4 pm

TR ROPES: RESCUE OPERATIONS

7 Hours

This course will present the Technical Rescuer with the requirements for pre-planning, scene size-up, and hazards assessment for incidents involving rope rescue. This class will also introduce the technical Rescuer to applicable standards addressing rope rescue, PPE, accessory gear, rope software and rope hardware.

Class Schedule: Saturday 9 am - 5 pm

Instructor: Tim Eldridge
Mount Airy Rescue Squad
Certified Instructor

TR ROPES: MECHANICAL ADVANTAGE

7 Hours

This class will present the Technical rescuer with the correct techniques for the setup, operation, and function of compound mechanical advantage systems used during rope rescue incidents.

Class Schedule: Sunday 8 am - 4 pm

Instructor: Tim Eldridge
Mount Airy Rescue Squad
Certified Instructor

TR ROPES: LOWERS AND RAISES

14 Hours

This class will present the Technical Rescuer with the correct techniques for the setup, operation, and function of various types of high angle raising and lowering operations litters during a rope rescue incident.

Class Schedule: Saturday 9 am - 5 pm
Sunday 8 am - 4 pm

Instructor: Ben Lunsford
Guilford Technical Community College
Certified Instructor

VENTILATION*

(FF I/II Certification)

Full PPE with SCBA Required*

21 Hours

The principles and types of ventilation including vertical, horizontal, natural, and mechanical will be introduced during this course. The need for automatic venting devices as well as ventilation of below grade structures and high rise buildings will be explained to give students a better understanding of the importance of ventilation during fire operations. Considerations in ventilating a building will be explored and students will be given opportunities to apply these principles during practical evolutions. ***Practical exercises on Sunday will be held off campus.***

Class Schedule: Friday 6 pm—10 pm Instructor: Marnie Price
Saturday 8 am—5:30 pm Valdese Fire Department
Sunday 8 am—5:30 pm Certified Instructor

WATER SUPPLIES
(FF I/II Certification)
18 Hours

Water is the most common extinguishing agent. This course will cover both municipal and rural water sources and their distribution systems. Students will discuss the different types of pressure as well as causes of increased friction loss. Hydrant flow calculations and proper maintenance requirements will be demonstrated. Students will participate in drafting procedures, tanker shuttle operations and relay pumping.

Class Schedule: Friday 6 pm—10 pm	Instructor: Bruce Long, Assistant Chief
Saturday 9 am—5 pm	Icard Township Fire/Rescue Department
Sunday 8 am—4 pm	Certified Instructor

WFSNC -WILDLAND FIRE SUPPRESSION for NC FIRE DEPT'S
14 Hours

This course was developed by the N.C. Division of Forest Resources to teach fire personnel the basic knowledge needed to safely suppress wildland fires. The course covers Organization, Fire Behavior, Locating the fire, Fire size-up, Tactics for hand crews, Engines and tractor-pLOW units, Mop-up, Fire Prevention, and Firefighter Safety are also covered, as well as the different terrain and fire environments forces may encounter in NC.

Schedule: Saturday 9 am - 5 pm	Instructor: Harry Jarrett
Sunday 8 am - 4 pm	Burke County Ranger, NC Forest Service
	Brent Triplett, D-2 District Ranger
	NC Forest Service

**VERIFICATION OF TRAINING
FOR
LIVE BURN EXERCISES**

The firefighters listed below have received the minimum amount of training required by the 2007 edition of NFPA 1403. As stated in NFPA 1403 Chapter 4 section 4.1.1, "Prior to being permitted to participate in live fire training evolutions, the student shall have received training to meet the job performance requirements for Fire Fighter I in NFPA 1001, *Standard for Fire Fighter Professional Qualifications*, related to the following subjects:"

- | | |
|-----------------------------------|-------------------------------------|
| (1) Safety | (6) Fire Hose, Appliances & Streams |
| (2) Fire Behavior | (7) Overhaul |
| (3) Portable Extinguishers | (8) Water Supply |
| (4) Personal Protective Equipment | (9) Ventilation |
| (5) Ladders | (10) Forcible Entry |

An original Chief's Signature is required by each firefighter's name listed below.

Student Name(s)	Chief's Signature
1. _____	_____
